## Committee of the Whole Meeting—Cannabis Regulations—Public Input Session

\* March 12, 2018—Village Office Council Chambers—6pm—The purpose of this meeting is to provide a brief background presentation on changing federal and provincial legislation that will legalize the use, sale, possession and growing of cannabis. There will be a discussion followed by a question and answer period and a chance to provide any comments you may have on the opportunities and the social, legislative and enforcement challenges it will create. This will be the first step in our consultation process in which Council will be surveying and seeking the public's input into the bylaw and policy implications, including, but not limited to, the Land Use Bylaw (zoning regulations for growers - from residential to industrial and zoning regulations for retail sales), development requirements (for growers – from residential to industrial), Bylaw development to regulate the use in public places and Enforcement criteria to support these new regulations.

Please contact the FCSS Coordinator if you would like an item added to the calendar for future months: 780.892.2699 or email fcss@wabamun.ca
